10 Warning Signs of Alzheimer's Disease

Join Saedie Spikes, Dementia Outreach Specialist from Area IV Agency on Aging, for this free Alzheimer's Association presentation. This presentation focuses on understanding the 10 most common warning signs of Alzheimer's Disease and how they compare to typical age-related changes. It includes information on recognizing changes in yourself or others, the importance of early detection, the diagnostic process, and resources through the Alzheimer's Association.

September 23rd 6:30-7:30pm
Tippecanoe County Public Library
